

Blended mobility of school learners in Latvia, 26th May-1st June 2016

During the Blended mobility all partners presented results of students' local and virtual cooperation during the 1st project year and got feedback how their work for this project is appreciated in all the other partner countries. In creative workshops they developed and tested new ideas for the friendly school environment improvement.

The key words of this students' meeting were: SPORT (international mixed teams in schools Sport day)

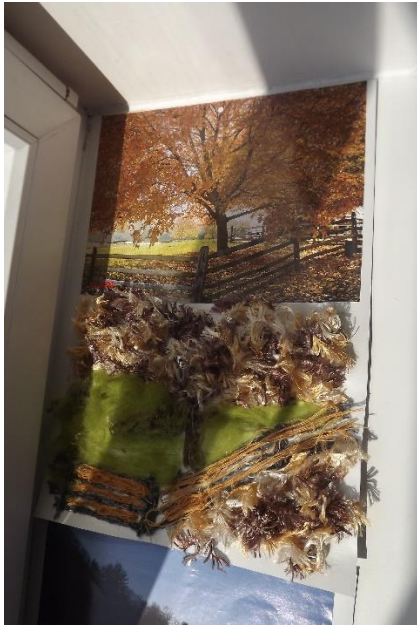

CREATIVE LEARNING (history, nature sciences, Latvian language),

TEAM WORK (ice breaking activities, communicative games, outdoor activities, team building training)

ART (4 creative workshops),

COMMUNICATION / SOCIALIZATION/LANGUAGES (students were hosted in families and also many students from Latvian project team were during the whole week together with the guests)

CULTURE (partners prepared presentations about the traditional culture of their countries),

INTERGENERATIONAL COOPERATION - games and creative activities in local kinder garten

EVALUATION (immediately after the last activities students evaluated the new experience).
